Dear Mr Barrows

ENDORSEMENT OF THE WORK OF THE EDUCATION SUPPORT SERVICES TRUST

I wish to commend The Education Support Services Trust for the dynamic and empowering work it has done in the fields of formal and community education over the past 24 years.

I am particularly impressed by the programs which have been implemented in the fields of governance and democratization, poverty alleviation, health and nutrition, school-based education, literacy and numeracy, rights-based education and the Law. Its proactive engagement with the most marginalized sectors of our society requires the support of all who have the interests of our nascent democracy at heart.

I look forward to a mutually rewarding relationship with ESST and welcome further collaboration with your organization in respect of the strategic priorities of my Foundation – including constitutional education; promoting and advancing inter-community relations in the spirit of ubuntu; helping handicapped children; and improving access to the right to education through the promotion of leadership, quality management and the training of principals. I should like to wish you and our beneficiaries every success with this important initiative.

Kind regards
